

The 7<sup>th</sup> Biennial

International

**MEANING**  
MEANING  
Conference

TORONTO, ON

July 26 - 29, 2012

## About the Meaning Conference

This year in Toronto, we will be hosting the 7<sup>th</sup> biennial Meaning Conference. The International Network on Personal Meaning has always valued joining together with our peers, to share our common work in the various branches of Personal Meaning. Each year, the conference has focused on a different aspect of people's lives, from addiction and mental health, to positive work and workplaces, to death and dying.
